

ACR3901T-W1 Bluetooth SIM-sized reader

The ACR3901T-W1 from ACS is a SIM-sized reader that combines contact smartcard technology with secure Bluetooth® connectivity. Ideal for use with various Bluetooth enabled devices, such as tablets and smart phones, the ACR3901T-W1 supports ISO 7816-compatible SIM-sized smartcards and most memory cards.

Featuring a read/write speed of up to 600 Kbps, this reader offers connectivity options for both USB full speed and Bluetooth 4.0 interfaces. With a compact and portable design, the ACR3901T-W1 supports a wide range of operating systems including Android (4.3 and above), OS (5.0 and above), Windows and Mac OS.

Rechargeable lithium-ion battery.

A SIM-sized USB contact smartcard reader with Bluetooth connectivity. ISO 7816 compatible.
