

Omnikey 31xx heavy foot

The 31xx series heavy foot from Omnikey (previously the CardMan CM31xx series) is a heavyweight alternative to the standard lightweight base that comes with the 3111 and 3121.

Weighing approximately 100g, this foot provides the user with additional stability for these readers, whilst also giving an option of both vertical and angled horizontal desktop mounting positions.

Omnikey part number A00000002

**A heavyweight alternative to the standard lightweight base that comes with the 3111 and 3121.**
