

Pack of 100 - EM4200 plain white cards

Copyright © 2022 Dot Origin Ltd.

The EM4200 is a 128bit read only low frequency contactless card with a unique serial number/ID. It operates at 125kHz. The EM4200 offers low power consumption and high reading ranges.

This card is primarily intended for use in access control and time & attendance systems. The cards are plain white PVC, making them suitable for printing on most desktop printers.

The EM4200 is a direct replacement for the EM4100 and EM4105.

Supplied in packs of 100.

**Read only low frequency contactless card in plain white. Pack of 100 cards.**
