

## IGEL smartcard + MIFARE Classic 1K

The IGEL smartcard is an especially cost-efficient logical access solution for the IGEL Universal Desktop thin client models. The IGEL ID card supports numerous features such as automatic login, session roaming and protection as well as smartcard-based desktop security.

This version of the IGEL smartcard includes a built-in contactless MIFARE Classic 1K chip, a useful feature to combine physical and logical access control.

Supported 'out of the box', the IGEL smartcard is a highly effective key to unlock access to data and desktop applications.

Plain white card.

**Cost-efficient user ID card for the IGEL Universal Desktop range of thin client devices. Integrated contactless MIFARE Classic technology.**
