

Premium micro-SIM Adapter

The Premium micro-SIM Adapter is an easy solution for converting 3ff mini-UICC SIM cards to a standard size one (2G SIM) without the need of any additional equipment. Unlike cheap alternatives, this adapter does not rely on a self-adhesive label to keep the SIM in place.

The Premium micro-SIM Adapter allows easy SIM transition between the iPhone 4/iPad 3G and previous iPhone generations and other mobile devices. This adapter is a simple solution to keep your data on-the-go.

**A high quality micro-SIM adapter that converts 3ff mini-UICC cards to standard size SIM cards.**
